

CALLING ALL LANDSCAPE, RETRO, PORTRAIT AND NATURE PHOTOGRAPHERS!

Ashtabula County Metroparks invites photographers to an evening of exploration, photography and inspiration in its newest acquisition, a former church camp along the Grand River.

MAY 22, 2017 5:30 P.M. UNTIL SUNSET (8:30 P.M.)

Cork-Cold Springs Road, immediately off Route 45

Look for vehicles along the north side of Cork-Cold Springs.

PROGRAM DESCRIPTION:

Imagine stepping back in time, to an old summer camp where some of the buildings are more than 100 years old and years of neglect have taken their toll on the grounds and 24 structures. Imagine a forest along a Wild and Scenic River floodplain, stocked with wildflowers. Imagine a variety of portrait backgrounds, from the old buildings to the lush forest. And, imagine having this place open to photographers only, for one evening only.

Many of these structures will probably have to be removed due to their deteriorated condition. Come out and use them as backdrops, or document them in your style. Experienced photographers will be on hand to help! Also, learn about future photo opportunities at Ashtabula County Metroparks this summer! Bring a friend!

WHAT TO BRING:

- Your camera and lenses, tripod
- Models for portrait shoots (for your personal use, no commercial shoots, please)
- Footwear that can withstand some mud and shallow water
- Bottled water
- Tick spray
- Flashlight
- If you are interested in macro photography, there are both spring wildflowers and cultivated plants
- You will be required to sign a waiver form in order to participate. Adults only, please
